GEORGE EMERSON,
ANDREW J. EDGERLY,
THOMAS A. PALMER,

Selectmen of Candia.

REPORT OF THE SCHOOL COMMITTEE.

The School Committee, in compliance with the law, respectfully submits the following report:

DISTRICT NO. 1.

Summer term; teacher, Miss Francis F. Adams. Wages per month, \$28; length of school, 11 weeks; number of pupils, 38; average attendance, 30. The examination was satisfactory to your committee.

Winter term; teacher, Miss Mary H. Batchelder. Wages per month, \$32; length of school, 13 weeks; number of pupils, 36, average attendance, 30. Good order, and promptness in recitation were noticed.

DISTRICT NO. 2.

Summer term; teacher, Miss Mary Alice Crane. Wages per month, \$28; length of school, 8 weeks; number of pupils 9; average attendance, 7.

Winter term; same teacher. Wages per month, \$28; length of school, 8 weeks; number of pupils, 15; average attendance, 13. The order was excellent, and the recitations prompt.

DISTRICT NO. 3.

Summer term; teacher, Miss Jessie Benton Farmer. Wages per month, \$24; length of school, 9 weeks; number of pupils, 26; average attendance, 21. A pleasant feature of the examination was the gymnastic exercises.

Winter term; teacher, Miss Addie S. Lang. Wages per month, —; length of school, 11 weeks; number of pupils, 27; average attendance, 22. The earnest efforts of the teacher were as successful as could reasonably be expected.

DISTRICT NO. 4.

Summer term; teacher Mrs. M. J. Dolber. Wages per month, \$26; length of school, 9 weeks; number of pupils, 30; average attendance, 25.

Winter term; same teacher. Wages per month, \$26; length of school, 9 weeks; number of pupils, 31; average attendance, 27. This is a good school. The compositions by the class in Language Lessons would have done credit to much older scholars.

DISTRICT NO. 5.

Summer term; teacher, Miss Alice D. Bean. Wages per month, \$20; length of school, 8 weeks; number of pupils, 20; average attendance, 17.

Winter term; same teacher. Wages per month, \$20; length of school, 8 weeks; number of pupils, 16; average attendance, 13. There was a decided improvement in the promptness and regularity of the attendance.

DISTRICT NO. 6.

Summer term; teacher, Miss Clara A. Rowe. Wages per month, \$20; length of school, 9 weeks; number of pupils, 23; average attendance, 20.

Winter term; same teacher. Wages per month, \$20; length of school, 8 weeks; number of pupils, 23; average attendance, 20. The school appeared to be well disciplined and instructed.

DISTRICT NO. 7.

Summer term; teacher, Miss Lizzie E. Crane. Wages per month, \$20; length of school, 7 weeks; number of pupils, 9; average attendance, 8.

Winter term; same teacher. Wages per month, \$20; length of school, 8 weeks; number of pupils, 14; average attendance, 13. This school was a success. The school-house in this district is becoming valuable — *as a curiosity*. Visitors admitted free, at all hours.

DISTRICT NO. 8.

Summer term; teacher, Miss Mary A. Wentworth. Wages per month, \$22; length of school, 10 weeks; number of pupils, 13; average attendance, 11. The school appeared well at the close.

Winter term; teacher, Miss Mary F. Hobbs. Wages per month, \$32; length of school, 10 weeks; number of pupils, 27; average attendance, 19. The order was good, and the instruction thorough and practical.

DISTRICT NO. 9.

Summer term; teacher, Miss Mary A. Johnson. Wages per month, \$24; length of school, 12 weeks; number of pupils, 30; average attendance, 24.

Winter term; same teacher. Wages per month, \$28; length of school, 11 weeks; number of pupils, 27; average attendance, 23. The school appeared to be well drilled in the studies taught.

DISTRICT NO. 10.

Summer term; teacher, Miss Lulie M. Dolber. Wages per month, \$16; length of school, 9 weeks; number of pupils, 14; average attendance, 12. This, Miss Dolber's first attempt at teaching, was very successful.

Winter term; teacher, Miss Mary L. Colcord. Wages per month, \$16; length of school, 13 weeks; number of pupils, 16; average attendance, 13. Your Committee did not receive the notice in time to attend the examination. Repairs have been made on the house at a cost of about \$375 00.

DISTRICT NO. 11.

Summer term; teacher, Miss Emily Sanborn. Wages per month, \$19.40; length of school, 6 weeks; number of pupils, 20; average attendance, 19.

Winter term; teacher, Mrs. M. J. Dolber. Wages per month, \$26.60; length of school, 9 weeks; number of pupils, 28; average attendance, 23. Both terms were taught by experienced teachers; and the improvement noticed at the closing examination was second to none in town. Mainly through the exertions of the teacher of the winter term, the school was supplied with a set of outline maps.

DISTRICT NO. 12.

Summer term; teacher, Miss Emma C. Healey. Wages per month, \$18; length of school, 7 weeks; number of pupils, 12; average attendance, 11. Owing to a misunderstanding, the school was visited but once. No reason was then seen to doubt the success of the school.

Winter term; teacher, Mrs. C. H. Brown. Wages per month, \$28.00; length of school, $12\frac{1}{2}$ weeks; number of pupils, 13; average attendance, 12. Unfortunately (both for the teacher and the school) the teacher was compelled by sickness to close the school sooner than was expected.

DISTRICT NO. 13.

Summer term; teacher, Miss Emma E. Neal. Wages per month, \$20; length of school, 7 weeks; number of pupils, 17; average attendance 16.

Winter term; same teacher. Wages per month, \$20; length of school, 6 weeks; number of pupils, 16; average attendance, 14. It is enough to say in regard to this school, that Miss Neal has taught it for seven consecutive terms, and that the past year eight of the seventeen different pupils have not been absent one half day.

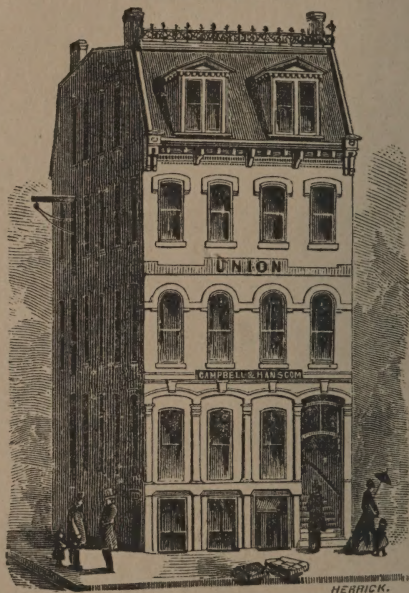

DISTRICT NO. 14.

Summer term ; teacher, Miss Julia E. Currier. Wages per month, \$16 ; length of school, 7 weeks ; number of pupils, 5 ; average attendance, $4\frac{1}{2}$. No great success, nor very disastrous failure, could be made with a school of five different scholars.

Winter term ; teacher, Miss Lulie M. Dolber. Wages per month, \$16 ; length of school, 8 weeks ; number of pupils, 9 ; average attendance, 8. By borrowing from another district the school was nearly doubled in size, and its appearance at the close was very gratifying.

J. LANE FITTS,
School Committee of Candia.
